

Family Pledge to Filter Out Bad Water Habits

I//We Pledge to:

☐ Take shorter showers using a low flow showerhead or use less water in the bathtub

☐ Turn the water off while brushing teeth, washing hands, and shaving; plus use aerators on all faucets

☐ Use a broom to clean driveway instead of a garden hose

☐ Use a layer of mulch or compost around plants to reduce evaporation

☐ Water the yard at night on our assigned days; not on Monday's

☐ Check all water fixtures for leaks and fix or replace those that are leaky

☐ Perform a dye test to see if toilets are leaking and make all necessary repairs or replace with a High Efficiency Toilet

☐ Wash only full loads of laundry and run dishwasher only when it is full

By signing our names, we pledge to use water more efficiently by taking the actions listed above.
